Strike Tightens Grip On New York City

Agreement Not In Sight, Says O'Dwyer

New York, Sept. 2.—(AP)—A truckers' walkout which threatens the city's economic machinery spread to other drivers today and rises were predicted in already sky-high food prices.

Federal, state and city mediators talked with union and employer groups but no immediate prospect of a settlement was held out.

Mayor William O'Dwyer was not hopeful of a quick end of the tieup. He set up special emergency procedures at police headquarters and alerted markets and hospitals to keep a close watch on food and other essential supplies.

Reject New Contract, Quit
The stoppage began yesterday when about 9,000 members of Local 807 of the AFL International Brotherhood of Teamsters quit after rejecting a new contract negotiated by their officers.

Some members of the two other Teamsters' locals in the city, 282 and 816, also were joining in the walkout although these units had approved new contracts.

O'Dwyer said police were checking reports that communists were persuading strikers to stay off the job by paying them gratuities.

The Local 807 membership, after a vociferous mass meeting lasting all afternoon, voted to present a new set of proposals to the employers featuring a 25 cents an hour wage boost.

Demand Welfare Fund
The proposals also included a demand for an employer-financed welfare fund based on 5 per cent of the payroll.

The local rank-and-file voted down a 15 cents an hour hike just before the walkout started. This had been in an agreement negotiated by the union officers.

The city's \$1,000,000-a-year garment business and large retail food chains apparently were the first to be hit by the stoppage.

Raw materials as well as finished products in this industry are largely moved by truck. This is true of millions of items moved daily in the city's complex economic apparatus.

No Immediate Shortage
There was no immediate shortage of food in the stores and few New Yorkers felt directly the pinch of the stoppage. Store stocks were estimated as ample for two to three weeks.

O'Dwyer won an agreement from the union yesterday that it would continue to transport food, perishable items, medicines, building supplies and other vital commodities.

The Local 807 membership began the stoppage by voting down an agreement for a 15 cents an hour wage boost. The vote left the unit without a contract.

Top wage rate under the old contract was \$1.78 an hour for drivers of trailer trucks.

Five Parties Represented In Illinois Primary

Springfield, Ill., Sept. 2.—(AP)—The State Certifying Board today approved the list of candidates to be placed in the Nov. 2 Illinois ballot, including Progressive party nominees for Congress and the legislature from Cook county.

Five parties will be represented on the statewide ballot. In addition to Democrats and Republicans, they are Prohibition, Socialists and Socialist-Labor.

National and state tickets have been entered by the Prohibition and Socialist-Labor parties. The Socialists filed only presidential and vice presidential candidates.

The certifying board sent the complete list to county clerks, who will prepare the ballots. The board includes the governor, Secretary of state and auditor.

Four Progressive candidates for Congress and 12 for the Illinois legislature were certified today. However, a fight over whether the Progressives get on the Cook county ballot is pending in the State Supreme court.

National and state Progressive candidates were ruled off the ballot Tuesday by the State Electoral Board.

HOLDUP MAN REVERSES PLEA DURING TRIAL

Chicago, Sept. 2.—(AP)—A holdup man who participated in a \$70,000 investment company office robbery changed his plea to guilty today in the midst of his seven-day trial.

The robber, Harry Auginbaugh, 32, of 4457 Elston avenue, reversed his plea before Judge Alan E. Ashcraft in criminal court. The judge declared a mistrial and excused the jury of six men and six women.

Progressives Meet With Violence At W. Frankfort

Mt. Vernon, Ill., Sept. 2.—(AP)—Curtis MacDougall, Progressive candidate for the U. S. Senate, reported today that a mob had stoned him and his political caravan near West Frankfort, Ill., a coal mining community.

MacDougall, a Northwestern university professor, said police had not given him party any protection. E. B. Ragland, West Frankfort police chief, said his reports showed "only that a bunch of fellows broke up the

meeting because they apparently did not like what was being said."

MacDougall gave this account: He was struck by at least 10 stones. His wife and children were threatened with violence. Prof. William T. Starr, also of Northwestern, was struck by a stone, and Florence Cowgill, of Argo, a Chicago suburb, was "slugged" in the face when she stepped in front of him. MacDougall said during the stoning.

"Some sympathizers, before the meeting started, pointed out some of the young fellows standing around as having been the same ones who roughed up an elderly man who was circulating Wallace petitions some weeks ago here in W. Frankfort," MacDougall said.

"We had a permit for the gathering. As the meeting got under way, one of our party—Stanley Teft of Lombard, Ill.—went to the police to seek protection and it was refused. Teft was told no police protection was available, that only three men were on duty in the city."

Truman Proposes Five-Point Public Health Program

Washington, Sept. 2.—(AP)—President Truman today emphatically endorsed compulsory health insurance and a five-point public health program.

In a statement issued in connection with publication of an administration program for a 10-year multi-billion dollar health program, Mr. Truman said the United States "can provide better health care for all the people of our land."

And such help is needed, says the 183-page report by federal security administrator Oscar R. Ewing. It is the result of seven months of research.

Inability to pay for medical care is not only killing 325,000 Americans every year, but is costing the nation 4,000,000 man-years of work and \$27,000,000,000 annually through sickness, the report said.

Mr. Truman said the bulk of the report, showing a serious shortage of doctors, dentists, nurses, hospitals and other medical care facilities, was approved last May by the national health assembly that met here.

One phase of the Ewing program that was not endorsed, however, was the plan for national health insurance.

This has been criticized as "socialized medicine."

The program outlined today is almost certain to become a major issue in the presidential campaign. Endorsed by the Truman administration and most labor organizations, it has been opposed by most medical men and the Republican Congress refused to pass legislation providing for it.

Chicago Hoodlum Taken For Ride Gangland Style

Chicago, Sept. 2.—(AP)—Hoodlum James Barsella was finished off in the customary fashion today—a 38-caliber bullet hole in his head.

Police confronted with another whodunit reminiscent of prohibition days began rounding up recent associates of the 33-year-old ex-convict.

The killing followed a familiar pattern. An automobile, Barsella's own new sporty job, drew up at a street corner in a lonely south side neighborhood last night. Around midnight residents heard a loud noise, then went back to sleep. Blood oozing through a door this morning brought out the homicide squad.

The police found the bullet punctured body in the back seat. Rope burns on the wrist and neck indicated he had been bound and probably strangled before given the fatal bullet.

Police Capt. Walter Healy said he believes Barsella was driven to the death scene and attacked there. The car upholstery behind the body yielded the single bullet.

Pacific Coast Tied Up As Longshoremen Strike

San Francisco, Sept. 2.—(AP)—CIO longshoremen quit work on the Pacific coast today, and the federal government acknowledged itself powerless to intervene in the paralyzing port tieup.

From Seattle to Los Angeles, longshoremen "hit the bricks" at midnight last night in anticipation of dissolution of the government's 80-day maritime strike injunction.

The order was dissolved by the federal court—at the government's request—in mid-morning, and longshore leaders throughout the coast immediately laid plans to throw out picket lines.

Ports lay idle, meanwhile, as longshoremen met in a series of stop-work meetings to consider strike action. About 8,000 longshoremen are affected.

President Truman told his press conference in Washington he had no emergency power left to prevent a strike. The weapon provided by

Carey Says CIO Head Catered To Moscow

Washington, Sept. 2.—(AP)—A high CIO official testified today that President Albert J. Fitzgerald and other top officers of the CIO-United Electrical Workers sacrificed the interests of labor "to promote the foreign policy of the Soviet Union."

James B. Carey, CIO secretary-treasurer, made the accusation in testimony before a house labor subcommittee which is investigating Communist infiltration into American labor.

The subcommittee, headed by Rep. Kersten (R-Wis.), heard both Carey and Fitzgerald in day-long testimony, then recessed until later, probably Sept. 28.

Carey organized the Electric Workers union, which now claims 600,000 members, and was its first president. He was succeeded by Fitzgerald in 1941.

Sitting near the back of the committee room, Fitzgerald listened in silence as Carey accused him of catering to Moscow. When it came his turn to take the witness stand,

Church Council Requests Support Of United Nations

Amsterdam, The Netherlands, Sept. 2.—(AP)—The world council of churches tonight received two communist reports condemning communism and capitalism alike and calling for support of the United Nations.

Besides backing the U.N., the second report—on international disorder—urged the preservation of freedom of press and religion. It sidestepped any definite attitude towards war.

Both reports were "received" under resolutions commending them to the churches for serious consideration and action. Officials said the council action did not mean approval or adoption.

The churches were told racial discrimination and economic injustice have helped the growth of communism. Christians were exhorted to "seek new creative solutions which never allow either justice or freedom to destroy the other."

A Jewish authorities throughout the world were asked to cooperate in the work of relief among Arabs and other refugees from the Palestine war and to help speed the return of refugees to their homes.

While recognizing the gravity of the present international crisis, one report said "there is no irresistible tide that is carrying man to destruction."

Secretary Of Army Backs MacArthur's 'No Strike' Edict

Washington, Sept. 2.—(AP)—Secretary of Army Royal Ingham backed up Gen. Douglas MacArthur's no strike policy for Japanese government workers which has been under Russian attack.

Royal said MacArthur's suggestions which led to a temporary ban on such strikes were not—as the Soviets charge—contrary to allied occupation policy.

MacArthur wrote Premier Hiroshi Ashida July 22 that he was in "accord" with a statement by the late President Roosevelt that strikes by government workers were "unthinkable and intolerable."

The Japanese cabinet promptly issued a decree against such strikes and also denied government workers collective bargaining rights.

The action stirred up labor unrest in Japan and brought from Russia a complaint that the "measures being taken by American occupation authorities and the Japanese government" are suppressing activities of democratic organizations.

Phone Company Offers New Wage Boost To Workers

Springfield, Ill., Sept. 2.—(AP)—The Illinois Commercial Telephone company today made another new wage increase proposal to striking plant employees.

Negotiations looking toward a settlement of the 19-day strike were recessed until tomorrow while representatives of the AFL Electrical Workers union weighed the offer.

Burton W. Saunders, company vice president and general manager, said that under the latest proposal pay increases would range from 21 cents to 10 cents an hour depending on the employee's length of service.

The 10 cent increase would go to workers of 41 years service or more. The union originally demanded a 35 cents an hour boost across the board, but later indicated it might settle for less.

Besides company and union officials, the bargaining session was attended by state and federal labor conciliators. A wage contract that expired July 1 gave plant workers from 80 cents to \$1.35 an hour.

German Financier Released From Internment Camp

Ludwigsburg, Germany, Sept. 2.—(AP)—German financier Hjalmar Schacht was released from an internment camp today when the United States military government raised no objections to his acquittal on charges of being a Nazi.

The decision, however, still is subject to review by the German ministry of denazification which has the power to set aside the verdict.

The German court of appeals verdict was announced yesterday but the belief that the decision would have to be reviewed by the U.S. military government said it regarded the case as a purely German matter, however, and had no objections if German officials wanted to free him.

Movietowners Face Narcotics Charge

Screen star Robert Mitchum and Actress Lila Leeds were arrested when officers broke up a marijuana "smoker" in Miss Leeds' luxurious Hollywood home. Also held were dancer Vickie Evans, and Robin Ford, a friend of Mitchum.

Propose Grand Jury Probe Of Mitchum Drug Case

Hollywood, Sept. 2.—(AP)—A grand jury investigation of the narcotics case involving Actor Robert Mitchum was called for today by District Attorney William E. Simpson.

The prosecutor said he asked the Los Angeles county grand jury's criminal complaints committee, headed by Leo Hubbard, to act in the matter. Hubbard said the committee will recommend the investigation to the full grand jury when it reconvenes Tuesday after a recess.

Mitchum, 31, and Actress Lila Leeds, 20; dancer Vickie Evans, 25, and Robin Ford, 31, real estate agent, were arrested early yesterday in the midst of what police said was a marijuana smoking party at Miss Leeds' secluded hillside home. The four were released on \$1,000 bail each pending a habeas corpus hearing Sept. 8.

Police investigators declared the case was preliminary to a cleanup of the narcotics traffic in the film colony.

An industry spokesman, Dore Schary, declared in a statement, however, that "implications" against Mitchum generally are "untrue."

Schary, an M-G-M executive and chairman of the Motion Picture Industry Council representing the screen actors, directors and writers guilds, the Hollywood AFL Film Council, major studios and independent producers, said:

"The published implications that a widespread or considerable use of narcotics exists in the motion picture industry are shocking, capricious and untrue."

"The accusations against one or two or even three individuals do not indict the entire working personnel of 32,000 well-disciplined and clean-living American citizens who labor in Hollywood in various capacities."

Detective Sgt. Alva Barr, narcotics investigator, announced: "We're going to clean the dope and narcotics users out of Hollywood. We don't care who we have to arrest. There's a lot of 'stuff' being used in Hollywood."

"We have a number of important and prominent Hollywood screen personalities under surveillance, not only actors and actresses but others noted in pictures."

Military Leaders Strive To End Berlin's Cold War

Berlin, Sept. 2.—(AP)—The four military governors for Germany met again today and apparently concentrated on financial and trade aspects of the east-west cold war over Berlin.

An American official said the governors would meet again tomorrow. As usual no communiqué was issued after their 95-minute session—the third in three days.

Technical committees dealing with the complex problem of putting Berlin's dual money on a single Soviet mark basis under four-power control, and with resumption of inter-zonal trade convened ahead of the governors.

The transport committee, which is concerned with steps toward lifting the 71-day-old Soviet blockade of Berlin, did not meet. Members declined to say whether their work on restoring Berlin's land and water communications to the west was finished. It appeared that the financial and trade problems temporarily had taken precedence.

Recognition of the Soviet's eastern mark as the sole Berlin currency is known to be one of the Russians' conditions for raising the Berlin siege.

Deny Giving Reds Atomic Secrets

Berkeley, Calif., Sept. 2.—(AP)—A University of California official, Dr. George A. Pettit, said today he has "no knowledge" of any staff member giving atomic energy secrets to Russians in 1945.

Pettit is assistant to University of California President Robert G. Sproul.

Congressional spy investigators in Washington told newsmen today they were checking up on such a report. They said a former army intelligence officer told the House American activities committee that a scientist in an "inside" position at the Berkeley atomic laboratory had given atomic information to two Russians in 1945.

Fear Soviets Have Copied U. S. Planes

Washington, Sept. 2.—(AP)—The air force, ending the secrecy surrounding the wartime seizure by the Russians of at least 10 American bombers, gave an estimate today of what the Red air force may have done with the technical knowledge it gained.

The Russians got one B-29 by shooting it down over Soviet-controlled territory, four other super-fortresses when they ran low on fuel or were damaged in raids on Japan and made forced landings in Russian areas. Four of the five landed intact, thus providing valuable material for Soviet air force designers.

One crashed and was destroyed after the crew had bailed out. The other five were smaller air force or navy bombers, copies of which had been given the Russians previously under lend-lease.

Can Russia Fly Them
How long did it take the Russians to copy the planes? How good are the copies? How long were the Russian airmen in learning how to fly the complicated machines?

In answering a series of questions by a reporter, the air force said: "A United States technical observer has stated his belief that the Russians could incorporate several of the newer features of the B-29 into their existing models including turbo-superchargers. (These are used to boost the power of the engines, producing more speed and rate of climb). However, he does not think they can duplicate the extensive remote fire control equipment. With this equipment, a single gunner at the main control system can direct the fire of twelve .50 calibre machine guns on attacking enemy fighters."

20 Months To Build Model
He estimated that it took 20 months to build a production model of the B-29, using the Russian-held models as a starting point for design. After delivery of the first production model it would take 12 months to achieve the rate of 150 a month. That would be 32 months after the first start, or April 1947, assuming that this work was commenced immediately after July 29, 1944, when the first B-29 fell into Russian hands and that Russian industrial capabilities were equal to those of the United States—a tenuous assumption.

The air force believes that, using the B-29 as a basic pattern, the Russians have built both a bomber and a transport version of the plane. This has appeared as the Tupolev TU-70, now believed to be in production.

How long did it take Russian pilots to learn how the big bombers were flown?

Russians Familiar With B-29
"Although there is evidence to support the contention that the Russians had become almost intimately familiar with the workings of the B-29 just a year after the first one had fallen into their hands, there is nothing in the available records to indicate that they were flying them at that time."

"An allied military observer noted a formation of 48 planes that looked like the B-29 flying over Moscow on October 23, 1947. He said that the fact that no B-29s were flown in the May Day parade on May 1, 1947 and that three participated in the August 3, 1947 air show may be a clue to the production pace of the USSR. The fact that it took the Russians a little over two years to get into production is regarded as quite an achievement."

Mediterranean Fleet Fortified

Washington, Sept. 2.—(AP)—The Navy is sending one of its three king-size carriers and 15 other ships to replace the 14 now on duty in the Mediterranean, it was announced today.

The new group is stronger by one heavy cruiser and one destroyer than the forces now carrying out the Navy's "show the flag" program.

Heading the list of ships to go over is the 45,000 ton aircraft carrier Franklin D. Roosevelt, which carries 72 corsair fighters and 48 carrier raiders attack bombers.

There are 800 fires in hospitals and institutions each year in the United States.

WEATHER

The Norbury Sanatorium, cooperative observer for the U.S. Weather Bureau, yesterday reported the official temperature for Thursday as follows: high 81; low, 60 and at 7 p.m. 74.

Forecast for Illinois—Generally fair Friday. Little change in temperature.

HOLLAND WILL GET A NEW QUEEN

Holland celebrated Tuesday the 68th birthday of its queen, Wilhelmina, and the golden jubilee anniversary of her assumption of the reins of government on Aug. 31, 1898, at the age of 18. Wilhelmina's formal abdication will follow in a few days and on Sept. 6 the 39 year old Princess Regent Juliana will be crowned queen of the Netherlands in a solemn ceremony in the ancient Nieuwe Kerk at Amsterdam. Beatrix, 10 year old daughter of Juliana, will then stand next in line of succession to the throne of the Netherlands.

The neighboring small country of Luxembourg is headed by the Grand Duchess Charlotte; Belgium, the other member of the Benelux group, by a regent, Leopold III, who surrendered to Nazis in World War II, has been forbidden to return to Belgium without the consent of parliament. Wilhelmina and Charlotte, who headed governments in exile during the war, were welcomed back by their subjects in 1945.

Of the 10 other monarchies in Europe at the outbreak of World War II, four have discarded their kings and are now Communist "peoples' democracies." Italy voted after defeat to become a republic. Kings remain as the titular heads of state in Great Britain, Norway, Sweden, Denmark and Greece.

The number of monarchs now reigning in Europe may shortly be increased by one if recent reports from monarchist sources in Spain have a basis in fact. A law adopted by the Spanish Cortes in 1947 named Francisco Franco chief of state for life but declared Spain to be "traditionally a kingdom." Franco received the right to name his successor, if he chooses to retire, and it is this that gives significance to reports that Franco met with Don Juan, the Spanish pretender, last week on a yacht in the Atlantic.

Cuts Ribbon At New Store

Milton Edge, manager of the newly remodeled A. & P. food store on West State street, obliges five year old Ann Angel by holding her doll while the little girl cuts the ribbon to officially open the new store. Hundreds of interested persons witnessed the ceremony Wednesday morning. Ann Angel is the daughter of Dr. and Mrs. Francis Angel of 1101 South Diamond street.

Many Industries Have Succumbed To Changes

Where are the broom factories, cigar factories, brick yards? You wouldn't expect to find a livery stable now, or the car shops, either!

By ROBERT E. BRADNEY
"Who can guess the name of the Mystery town?" asked the sage. Located therein are car works, wagon and carriage manufacturing plant, a broom factory, a brick works and manufacturing plant etc."

"No place I ever heard of," said the college graduate.

"Why that's Jacksonville, in the late 19th and early 20th century—Jacksonville, Illinois," said the old man.

And he was right. Few people in Morgan county realize the many industries Jacksonville has housed in the past 100 years. A few still survive. Others, like the car shops and the old brick yards can be barely recalled by young people in their twenties.

The "History of Morgan County" gives a hint of the rise and fall of the various enterprises. "Jacksonville is not favorably situated for manufacturing enterprises, owing to the limited natural supply of water and fuel, which renders the cost of manufactured products more expensive. This disability, however, has been practically overcome by an artificial supply of water, and will be wholly removed on the completion of the water-system for the city which is now being constructed."

The "History" perhaps was unduly optimistic. Competing with Chicago, which was bursting with growth, was too much of a task, even with a new water-system.

Jacksonville Woolen Mills One of the oldest manufacturing businesses in Jacksonville was the Jacksonville Woolen Mills. This was the forerunner of Capps Works. In fact, Joseph Capps was the founder. The plant reached national prominence in the early part of the 20th century with the introduction of an Indian blanket on the market. It has full page display ads in national-wide magazines.

Rumor went that even the Indians bought it. The factory employed on the average 350 persons.

Competition to the Jacksonville Woolen Mills came to the city in the form of the Home Manufacturing Co.

Another survivor of the rough and tumble business world is the Illinois Steel Bridge company. It was incorporated in 1900. In 1906 it was turning out 6,000 tons of finished work a year, and employed from 30 to 40 men.

The manufacture of wagons, buggies and carriages was begun in Jacksonville as early as 1850. John W. Hall is remembered by the older residents of the county as the guiding light of this enterprise.

Erected Large Building About 1899 a large and suitable building was erected on the northeast corner of North and Main streets. This was to be the site of the knitting works. The history states that a "large number" of persons was employed. The plant was removed to Piqua, Ohio, and did a good business until tariff-laws removed protection from it. It then went ka-blooie. No doubt many persons connected therewith voted differently the next presidential election.

Women around town will be delighted to learn the cigar manufacturers used to turn out an awful lot of cigars. Referring to the history again: "At the present time there are thirteen factories, employing 130 cigarmakers working on full time, producing over 200,000 cigars per week.—The largest plant produced 6 million cigars a year."

Computed in man hours spent in the basement smoking the things, this adds up to a total, "calculable" only in light years.

The cigar business became so good that several cigar box factories were instituted. They put out 7,000 boxes a week.

Got Kite Sticks People now in their forties and fifties will remember going to the cigar box factory to get kite sticks. The brick manufacturers used to produce 250,000,000 bricks a year. The old brick yards in the south section of the city was the scene of a spectacular fire about 20 years ago.

Other businesses in the Jacksonville of yesterday included the Jacksonville Sulky-Plow Works; the Columbia Manufacturing company, which made duck clothing and once employed 150 persons; the broom factory with an output of 2,000 dozen per year (they swept the mid-west); the planning mills; the Jacksonville Sand-Cement company, and many others from a candy factory to a paper barrel factory.

No wonder the college graduate had never heard of the place described.

35 Attend Party At Ashland For Bride And Groom

Ashland—A miscellaneous shower for Mr. and Mrs. Haden Coffey was held in the library basement Monday night, by the aunts of the newly wedded couple, Mrs. Rose Keiffer, Mrs. Hazel Tensley and Mrs. Maggie McDonald.

Various contests were played, after which Mrs. Coffey opened her many pretty and useful presents. Thirty-five persons were present. Delicious refreshments were served by the hostesses.

Mrs. Nellie Milstead and grandchildren, Geraldine and Herbert Pierce returned to their home here Monday night from a several day visit in Walkerton, Indiana, at the home of the former's son, Glenn Milstead and family.

Seventeen members of the Loyal Daughters class of the Christian church motored to the home of Mr. and Mrs. James Weakley at Beason on Tuesday afternoon, and in the evening drove down to Lincoln for their picnic supper.

'All I Know Is What I See On The Co-Axial Cable'

By Hal Boyle
New York—(AP)—The "Westward Ho" progress of the co-axial cable is changing the life of America—toward peace.

Just what a co-axial cable is I don't know anymore than I do what Benjamin Franklin proved by flying a kite in a thunderstorm.

But that mysterious cable goes on creeping and crawling across the land like a rampant caterpillar with no future beyond the warmth of its own fuzz.

And in some mysterious way there is a strange new glimmer in the home called television that seems to follow wherever the co-axial snake lays its length. And it is going farther across the country every day.

After watching various homespun Paderewskis of the radio dials twirl their hopeful sonatas, I can certify television is a wonderful way to pick out the tweed pattern for a new fall suit.

If you are one of the majority of the 143,000,000 American people who await the arrival of the co-axial cable with bated breath, I say: Take another breath.

The thing you are most likely to catch in a television program is a Brooklyn Dodger outfielder stealing third base with Hamlet's ghost riding his left shoulder while a quiet cheviot herringbone fights with a scotch plaid to wipe out the cheering bleachers.

The herringbone and the plaid are visual static. While the host is trying to dial them out, the wise guest calls Ebbets Field long distance—collect—to find out what happened to the outfielder. By then the player usually has been sold to a minor league farm.

The greatest friends of the turtle-slow co-axial cable and its shimmering gift of television are bartenders. They report that video—a medical term for this bifocal pictorial vitamin known as television—is a better sedative than the Mickey Finn, the barkeeper's old reliable for quieting obstreperous alcoholics.

Once the television screen embraces a couple of semi-pro pugilists locked in silent anguish, the most bourbon-bedecked customer sinks into a stupor of eyeball awe.

"We haven't had a broken skull in the place since we put in our television set," said one martini man.

Jerseyville Elks Present Chair To Amputee Patient
 Jerseyville—The Jerseyville Elks lodge recently presented a new wheel chair to John Rainey of this city. Rainey suffered the loss of both legs by amputation above the knees. He makes his home at Mary's Nursing home in this city, and the new chair makes it possible for him to travel alone from the nursing home on East Exchange street to the business district whenever he desires. He propels the chair himself.

MURRAYVILLE
 Murrayville — The American Legion auxiliary will meet Wednesday evening, September 1.
 Mr. and Mrs. T. G. Beadles attended the farewell reception held for Rev. E. A. Hedges and sister, Miss Emma Hedges, Thursday evening at Northminster church in Jacksonville.

Brain tumor detection by means of a radioactive dye that becomes concentrated in these abnormal growths and can be detected through skull and skin with a Geiger-Muller counter is the newest medical development in the use of atomic-pile by-products.

Appoint Schindler C. Of C. Assistant
 The board of directors of the Jacksonville Chamber of Commerce named Norbert J. Schindler to the newly created position of administrative assistant at a session Wednesday evening. Mr. Schindler will assist in administrative details of the Chamber of Commerce, the Community Chest and the Morgan County Fair Association, all of which are handled from the same office.

Mr. Schindler graduated from Illinois College in the summer of 1948. His wife is the former Nancy Jean Hughes of this city. Schindler trained with the Army Specialized Training program at Illinois College in 1943. He served with the Army during World War II and returned to Illinois College to complete his education. He has worked at numerous jobs in the community for the past several years.

It was determined by the Chamber of Commerce Board several months ago that the heavy increase in responsibility and activity at the Chamber office would necessitate employment of additional personnel if all jobs were to be completed. The Board of Directors of the Community Chest and the Board of the Morgan County Agricultural Fair Association joined with the Chamber of Commerce Board in planning the best way to keep all three organizations fully active and concluded that additional personnel would be necessary. Schindler began his duties in the Chamber office Thursday.

The Chamber Board also approved plans for a membership campaign of the Chamber of Commerce to be conducted during the first three weeks in September. Preliminary plans for the campaign were under way this morning. W. O. Randall, past president of the Chamber, will serve as campaign chairman.

Also accepted and approved by the Board were routine reports from the industrial committee, the retail council and the budget and finance committee.

The Accent Is On Safety

Nails, 301 of them to be exact, were driven into a smooth tire in which the new Puncture-Sealing tube General Tire & Rubber Co. engineers have perfected had been installed. Since receiving this treatment the tube has retained every pound of its original pressure, and L. A. McQueen, General Tire vice-president, and A. W. Phillips, (right) general manager of manufacturing, express pleasure at the results on the 100th day of the test.

Hayden Walker, local distributor of the new tube, said, "With more cars than ever before on the highways, cars that are far above the pre-war average age, there is a crying need for more safety. It was to fill this need that General Tire engineers designed the new Puncture-Sealing tube with a high degree of anti-blowout protection."

Greek Musicians Know Their Guns

Kozane—(P)—"Our job is playing melodies with whatever instruments we have. Violins or tommy guns, there is no difference. Both are for Greece." That's what the violinist in the band of Kozane's 15th division says.

The saxophonist says the bands real talent is not music but the dexterity with which the bandplayers swap musical instruments for guns in emergencies. The band of Kozane's 15th division, now fighting somewhere southwest of Nestorion in the Grammos mountain, is one of six bands entertaining soldiers on the front lines.

The bands bring good music to music lovers and boost the morale of the man in combat, military officials say. Five young men of the

15th division's band troupe with a military convoy several times a week to reach the army's advance positions. During their last trip to the front, a truck loaded with their musical instruments struck a mine. Simultaneously their convoy was attacked with machinegun fire from a guerrilla ambush.

The violinist described it as a "strange and dissonant concert. We fired our tommy guns on enemy positions and mourned for our dismembered musical instruments." When the band is at Kozane, it entertains evenings at the soldier's home and Sunday mornings at the army hospital.

CARROLLTON

Carrollton—Mr. and Mrs. Franklin March left Tuesday for Ashland, Ohio where they will be guests of Mr. and Mrs. John Stickland and attend the Ohio State Fair. They will also attend the Indiana State Fair and visit in Indianapolis at the home of March's brother-in-law and sister, Mr. and Mrs. Samuel Klein.

Mr. and Mrs. Thayne King returned home Sunday from a weeks vacation trip to points of interest in Kentucky, Tennessee and North Carolina.

Mrs. Lucille Davidson has accepted a position as teacher of the Pleasant Dale School.

Mrs. Mabel Olson of Jacksonville, Mrs. T. H. Linn and Mrs. Deane Clough of this city attended the ball game at Sportsmen Park, St. Louis Monday.

Michael Carmody returned to Springfield Tuesday after spending the weekend with his uncle and aunt, Mr. and Mrs. Joseph Thomann. Carmody attended the ball game in St. Louis Monday, accompanying Mr. and Mrs. Clair Carmody and son.

OPERA HOUSE FUND SOUGHT

Salzburg — (P) — An American opera star hopes to start a fund raising campaign in the United States to rebuild the war-damaged Vienna State Opera building. Maria Jeritz, who started her musical career in Vienna and went on to win world-wide fame at the Metropolitan in New York City, will confer with opera officials in Vienna later this month.

The Opera Building was erected nearly 90 years ago. During the last months of the war American bombers based in Italy, apparently trying for the Luftwaffe Headquarters across the street, scored direct hits with high explosive and incendiary bombs. In the resulting fire the interior of the building was gutted. There was also great loss in stage properties, settings and costumes.

Greene County Draft Board Asks For More Clerks

Carlton—George Berry of Roodhouse, who is clerk of registration in the local selective service office,

which is housed for the present in the American Legion hall, began his work Monday with 24 registrants. The work Tuesday increased to 70 and Berry is now asking for volunteer clerks to assist him in his work.

The registering continued heavy through Wednesday and for that day Berry was assisted by Mrs. Dale Whitman and Mrs. Clarence Horn. The work is done by the registrars without remuneration and others

are needed to assist with the work. The local selective service Board has issued a call to the townsfolk to donate their assistance for a day or as many days as they are able to give to this work.

Mrs. Stella Adams returned home Tuesday from Chicago where she had been a guest of her brother-in-law and sister, Mr. and Mrs. Guy Fisher. Mrs. Adams also visited in Libertyville with her brother and

KIDS' LION BADGERED

Missoula, Mont. — (P) — Excited children reported to Missoula police that a lion was prowling around the southwestern corner of town. Others insisted it was a tiger. Traffic Officer W. F. Bodack located and killed the intruder—a hefty badger.

Berlin Gathers Fuel For Winter

Berlin—(P)—In mid-summer heat thousands of Germans here are scouring Berlin's suburban forests for trunks and twigs to haul home for firewood. Last winter many Germans burned pieces of their furniture to keep warm in bomb-damaged lodgings.

The next winter, if German Communist threats hold good and unless the Russians relent, will be for Berliners the "winter of the blockade" just as this is the "summer of the blockade." Even in mid-summer inability to fly in sufficient coal has forced drastic cuts of electricity and crippling of western Berlin's industry and commerce.

The Berlin crisis may be settled by four-power negotiation and the blockade lifted before winter comes. But the Communist press now huris daily jibes at western Berliners: "Can the American fliers feed you through storm and sleet. Will you sit in cold, dark homes and your children in unheated schools this winter? Think it over and force the city government to take the right i.e., Communist-dictated course." Faced with this uncertainty Berliners go wood-gathering.

MEDALS HANDLED WITH CARE

Rome — (P) — Paul Comly French, new director for Italy of the Cooperative for American Remittances to Europe (CARE) received two decorations on his arrival here. He was awarded the first class cross of the Knights of Concord sovereign order, and the "Wings" of the National Association of Italian Air-Force Wounded Families.

Even Cupid's Slightly Confused

Take four guys named Joe Sylvain and four gals named Marie Pomerleau and this is what happens: Joseph Robert David Sylvain will marry Marie Jane Pomerleau, below, and Joseph Andre Gerard Sylvain will marry Marie Anne Lorraine Pomerleau, top. The best men will be two other Sylvains named Joe; the bridesmaids will be some more Pomerleaus named Marie. It all happened in Hartford, Conn.

CHANGE FROM A BUS — (P) — The boy calmly faced the bus driver's withering glances while he waited for the driver to count out his change for a \$5 bill. When he made no move toward the collection box, the driver advised him to "drop your fare." Instead the boy said: "Will you open the door please? I'm not going anywhere. I wanted the change for my lemonade stand."

Food for Labor Day Thought

This scene at a Ford plant is commonplace here in America—a parking lot crowded with cars belonging to workers. But what is commonplace in America would be unbelievable in any other country, for nowhere else do so many people have access to such a luxury as an automobile. The American worker and his family are rich in comparison to those in other countries.

The individual charts compare the length of time it takes the average American and the average Russian worker to earn the price of each object. The Soviet laborer must work almost an hour to earn the price of a quart of milk, for example, while an American has it earned in 20 minutes. Two of the charts compare the number of phones and cars per capita in the two countries.

Flavor luxury...on a budget? Yes! With MILNOT!

MILNOT MONEY SAVERS
Savory Scalloped Potatoes Made with Milnot (New Trimmings for Favorite Dish)

6 medium-sized boiled potatoes
2 tbsp. butter
4 tbsp. flour
1 1/2 cups diluted Milnot (1/2 cup Milnot and 1/2 cup water)

1 cup grated American cheese (1/4 lb.)
1/2 tsp. salt
1/2 tsp. pepper
1/2 small onion, chopped
1/2 green pepper, chopped
1 pimiento, chopped

Make a white sauce of the butter, flour, and Milnot. When thickened and smooth, remove from heat; add grated cheese and stir until cheese is melted. Season with salt and pepper. Add onion, green pepper, and pimiento. Place a layer of diced potatoes in a buttered casserole, layer of sauce, repeating alternately, having a layer of sauce on top. Bake 20 minutes in moderate oven, 350°. Serves 6.

Other tantalizing dishes you can make with MILNOT

- Full Richness—Cream Soups, Salad Dressing, Chicken a la King
- Diluted—White Sauces, Lemon Sponge Pie, Cheese Souffle
- Whipped—in Raspberry Bavarian on Fresh or Frozen Berries on Chocolate Pudding on Cake or Gingerbread

Taste-Test Proves MILNOT Preferred in Coffee

Recently an independent research firm conducted a Milnot taste-test, asking 797 women to try Milnot in coffee, and compare with high-priced cream. When the votes were counted... penny for the penny... 3 out of 5 women chose Milnot!

That country-fresh flavor of low-cost Milnot means luxury in all your cooking and eating! Whip it fluffy on desserts... stir it smooth into sauces... pour it onto cereals... serve it for coffee!

Taste that fresh-as-can-be flavor! You'll use thrifty Milnot wherever you'd use expensive whipping cream, coffee cream, milk or a canned or evaporated milk!

Your budget will be as happy as your family's appetite! Milnot costs so little. You can use it lavishly for just a few pennies!

Put luxury on your budget—Get thrifty Milnot today!

Talks To Club On Experiences At Annapolis

Virginia — Richard Pugh, who makes his home with his uncle, James Massie, furnished the principal talk for the entertainment of the Kiwanis club Monday night. His talk pertained to his experiences while attending the Annapolis Naval Academy.

Benny Barnett, John Byus and Bill Yaple were appointed as a committee to secure entertainment for the next three months. The retiring committee was composed of Paul Young, Carl Collins and Raymond Whitaker.

An invitation was extended by the district-deputy to the annual state convention to be held in Chicago in late September. President Walrich

will appoint delegates from the club to attend the meeting.

Mr. and Mrs. Harry Devlin are the parents of a daughter, born at Our Saviour's Hospital in Jacksonville Tuesday morning at 2 a. m. The parents have named the new-comer Tacy Lynn Devlin. The baby weighed nine pounds and 15 ounces. This is the second child for the Devlins. Mrs. Devlin is the daughter of Mr. and Mrs. Harry Sinclair of Virginia.

PATTERSON

Patterson—Mrs. Cora Bain and son, Carl, were called to Pearl, Ill. Saturday by the illness of Lorenzo (Buster) Bain, but learned of his death, which occurred the night before at eight o'clock at Mrs. Thurmon's nursing home.

Mr. Bain spent part of his life in and around Patterson, having visited occasionally the past few years with Mrs. Cora Bain and her family. His age was 79 years.

He leaves two half brothers, William Gollier of Pearl and Lee of Midvale, Idaho, and three half sisters, Addie, Eva and Inez, of Jacksonville, and Mrs. Cora Bain, a sister-in-law.

Funeral services were held at Pearl, Sunday afternoon, at two o'clock with interment in a cemetery west of Pearl.

Mr. and Mrs. James Ringering and family spent the last week with relatives and friends in Alton.

Mrs. Minerva Coker accompanied her son, Cloyd Drake, to White Hall, Mo., and visited with Miss Maude Coker.

Bobbie Cade of St. Louis, has been visiting the past week with Mrs. Mary Sorrells and son, Billie.

CHAPIN

Chapin—Mr. and Mrs. Martin Thoma of Gladbrook, Ga., visited Mr. Thoma's sister, Mr. Edna Thompson and family recently.

Board Gets Pleas To Speed Up Bonus Payments

Chicago, Sept. 2.—(P)—The Illinois service recognition board is approaching the bottom of its stack of soldier bonus applications but urgent pleas for speed and more speed are piling up.

Col. Chester Fordney, the board's deputy director, says the pleas-for-speed correspondence from veterans range from the tragic to the humorous.

In one recent letter, a veteran wrote: "Doctors tell me I have only three months to live. I'd like to get my money sometime soon so I can spend it myself rather than have anyone else get hold of it." The letter was signed "a dying man."

(Colonel Fordney said the veteran will have his wish granted.)

Other letters asking the board to hurry the checks along say they are needed to make a down payment on a house in face of evacuation, pay a doctor bill on a new baby, and to meet expenses of surgery.

One veteran wrote he needed his bonus quickly to get married "shotgun style." Another said he wanted to receive his check before his wife returns home and "grabs the dough."

The board said its job of paying the bouns is about 75 per cent completed.

Barter Theatre Now Gives Away Ham

First State-Subsidized Theatrical Venture Covers 53,000 Mileage; Cash Replaces Produce at the Box Office

Robert Porterfield: At first, a fowl or a mess of snaps.

BY GERARD TETLEY

NEA Special Correspondent

Abingdon, Va. — (NEA) — After

reeling off more than 53,000 miles

—trouping in the fullest sense of

the word—the thespians of the

Virginia Barter Theatre are ready

to go into rehearsal for a new season

on the road.

Meantime, the unique theatrical

organization, only state-subsidized

theatre in America, makes its head-

quarters in this little town high in

the Southwestern Virginia hills. The

home company's season at City Hall

is in full cry.

It was conceived by Robert Porter-

field of Abingdon, during days of

economic depression and waning in-

terest in the theatre during war

days.

It was his idea of recruiting job-

less actors of merit from New York

for a repertoire of light drama. At

the start, admission was not neces-

sarily paid for in coin but by a

plucked fowl, a ham, a mess of snaps

and other things which the actors

really needed most.

This enterprise appealed to Vir-

ginians so much that after the first

Enters Drug Store To Call Girl; Has To Be Rescued

Chicago, Sept. 2.—(P)—Raymond Sturber, 27, went into the Edgemoor Drug store last night to telephone his girl friend, Patricia Jeeke, 19. They had a quarrel Sunday and he talked to her for 30 minutes in an attempt at reconciliation.

Then he discovered he was locked in the store. Four hours later, after telephone calls to his girl friend, his family, the telephone company and police, Sturber emerged from the store by crawling through the transom.

Police couldn't locate the store owner. They passed a screw driver through the mail slot to Sturber and shouted to him to unscrew the hinges on the transom. As he pried at the transom a burglar alarm was set off. But Sturber finished his job and got the transom open wide enough to crawl through.

"The telephone call to the girl friend was well worth my trouble," Sturber told police in thanking them for their help in rescuing him.

TWO DIVORCES GRANTED

Ruby Bunch was granted a divorce from Zella Bunch on a statutory complaint at a session of circuit court Wednesday. Custody of a minor child was awarded to the plaintiff with the right of visitation by the defendant.

Jane J. Vigus obtained a divorce from Ben M. Vigus on grounds of desertion. The court restored the plaintiff's maiden name of Jane J. Hoover.

TO HOLD FIRST MEETING

Trinidad community club will hold its first meeting this fall, Friday evening at 8 p. m. (daylight time) at the Trinidad school. Charles Spaenhower will call the meeting to order.

Officers will be chosen at this meeting. There are approximately 30 members now. All friends are invited.

Barter Theatre's headquarters: Abingdoms City Hall, built in 1830, is also the town opera house.

Season in Abingdom the company carried drama into the provinces, with productions in rural high schools and in the auditoriums of the large and smaller towns.

Porterfield suddenly realized a great public thirst for theatre. He discovered that the new generation of young Virginians knew nothing of the stage except at such intervals during which visits to New York made it possible to see the stage in full Broadway flowering.

Everywhere the Barter players appeared they had large and eager audiences. The fresh greens as a price of admission gradually gave way to lettuce of the folding kind and Barter theatre prospered. The single company was magnified by two more companies and Virginia Barter began to "lap over" into outside territory.

Because the actors travel by bus and trailer truck, the properties and costumes are necessarily boiled down to essentials. Porterfield feels that this merely sharpens the focus on histrionic ability.

"But they all seem to love it," he says.

The tours have called for sharp wits and lightning decisions. There was the instance in which "Twelfth Night" had to be performed without props because the scenery van burned out a bearing miles from town.

There is the case of Stuart Day, one of the leading stars of Barter, who is now encased in a heavy cast.

Playing in "The Hasty Heart" at Leesburg, Va., Day took a backward step, caught his foot in a footlight, and toppled over backward into the pit. Some of the audience seemed to think this was part of the script. Day climbed back on the stage for the remaining 15 minutes, took his curtain calls with other members of

the cast and, as the curtain dropped, collapsed. At a hospital it was found he had crushed two vertebrae.

During the past season, the organization trouped 53,610 miles in 22 states, gave 535 performances in 241 cities before 206,782 people.

Next season, Barter will expand with engagements in Kentucky, Delaware, Indiana and Illinois. The state of Virginia has assured it of another stipend of \$2,500.

Porterfield believes that his organization, which was founded when nearly every cast member had, like Cassius, "a lean and hungry look," has done much to recreate interest in the American stage.

And he retains an affectionate memory of when the box office was loaded with good things to eat. During parlous days when Barter Theatre was a toss-up between failure and success, a farmer came to see the show and produced a small pig as his entrance fee. The pig was removed, to the Porterfield ancestral acres. Presently she produced a litter, which was raised and helped put something more solid into the waning treasury.

These days, Barter Theatre is on the giving end. Each year it presents 150 acres of "good Virginia land"—and a ham—to an American actor or actress contributing to the "uplift and dignity of the American theatre."

Caravans Led By Brooks, Green, To Launch Campaign

Springfield, Ill., Sept. 2.—(P)—Separate caravans led by Governor Green and U. S. Senator C. Wayland Brooks will launch the fall election campaign of Republican state candidates on Sept. 14.

GOP party headquarters announced yesterday the two caravans will make four week swings through the 101 downstate counties. The final three weeks of the campaign will focus in Chicago and Cook county.

The Brooks caravan will kick off in Alton and Edwardsville. Besides Brooks, the group will consist of Simon A. Murray, running for state auditor; Attorney General George F. Barrett, seeking reelection, and Elmer H. Droste, state treasurer candidate.

The party led by Green will open its tour with visits to Vandalia, Fairfield and Mt. Vernon. Traveling with the governor will be William G. Stratton, secretary of state nominee, and Richard Yates Rowe, running for lieutenant governor.

Without a Trade-In, Too

Jacob Affannato, Philadelphia barber, satisfied his longing for a new car by building this scooter-mobile. With his son in the sidecar, Affannato chugs along between 20 and 25 miles an hour, getting 60 miles to the gallon from the one-cylinder engine. It cost him \$265.

LEAVES ESTATE TO NEPHEW AND NIECE

The will of the estate of Hattie B. Norman of Litterberry has been filed for probate, naming a nephew and niece as beneficiaries of her estate.

She directed that four-fifths of her estate be given to her nephew, Ivan Bateman and his wife, Rose M. Bateman, and one-fifth to her niece Lillian Barber.

The will named Harlan A. Williamson to serve as executor. Witnesses to the document, dated Nov. 5, 1946, were Margaret Flynn, Walter R. Bellatti and Leavitt C. Arnold.

Yanks Announce Purchase Of Hank Bauer From K. C.

New York, Sept. 2.—(AP)—The New York Yankees today announced the purchase of Hank Bauer, right-handed hitting outfielder, from the Kansas City farm in the American Association.

Described by Yankee officials as one of the outstanding prospects in their farm system, Bauer was to receive an award tonight as the most popular player on the Kansas City team.

A Yankee spokesman said Bauer would board a plane immediately afterward and be in New York tomorrow in time for the Yankees' doubleheader with the Washington Senators.

Although off to a poor start this season, his present batting average is .305. He has driven in 100 runs, hit 23 homers and stolen 26 bases.

Chicago Woman Found Dead; Search For Maid

Chicago, Sept. 2.—(AP)—The battered body of Mrs. Belle Tikulski, 48, was found on the floor of her south-side apartment today. She apparently had been beaten to death with the base of an electric fan.

Police said her apartment was ransacked.

The body was discovered by Mrs. Tikulski's son, Stuart, 19. Police said Mrs. Tikulski evidently had struggled fiercely with her assailant.

Officers are searching for a Negro woman whom Mrs. Tikulski hired today as a maid.

Mrs. Jeannette Winburgh, 45, a neighbor who lives in the same building, said Mrs. Tikulski visited her early this afternoon and mentioned that her regular maid had not come today and she hired a new maid. Mrs. Tikulski's body was found some two hours later.

Russell Long Wins Primary In La.

New Orleans, Sept. 2.—(AP)—Russell Long, 29-year-old son of the late Huey P. Long, rolled up a nearly 10,000 vote majority today over Judge Robert F. Kennon for the United States Senate.

This was young Long's first bow as a political candidate.

With all but three of the state's 1883 precincts reported, unofficial tabulation of Tuesday's Democratic primary gave Long 262,548 votes; Kennon 232,841.

The three missing boxes are small inaccessible precincts.

Democratic nomination is equivalent to election in Louisiana.

Second Prominent Communist Dies

London, Friday, Sept. 3.—(AP)—The Moscow radio today announced the death of Sergei Gerasimovich Lukin, deputy of the supreme Soviet and a member of the Communist party's central control commission.

The broadcast, heard in London, said Lukin died yesterday after a long illness.

Lukin was the second prominent Soviet official to die this week.

Andrei A. Zhdanov, member of the powerful politburo and a founder of the communist, died unexpectedly on Tuesday.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Sept. 2.—(AP)—Hog prices dropped to their lowest top value in two months today in a market which was generally steady to strong.

Lamb likewise reached their lowest daily peak of six weeks when sheep prices proved generally steady to 50 cents lower.

Cattle, however, held onto their recent ranges with prices steady to 25 cents higher.

Most good and choice butcher hogs brought \$24.50 to \$25, the top of \$29.25 being paid but sparingly.

(Sows had \$22.50 to \$27.50, the latter price for a few only.)

Choice calf club yearlings topped at \$41 in the beef market and choice heifers sold as high as \$37.50.

Good and choice fed steers were \$33 to \$40, medium and good beef cows \$21.50 to \$23, and good and choice vealers \$27 to \$30.

Most good and choice native spring lambs sold between \$24.50 and \$24.75 with the top of \$25 being paid only sparingly.

Good and choice slaughter ewes merited \$11.50 to \$12.25.

Total receipts included 6,000 hogs, 3,200 cattle, 400 calves, and 1,000 sheep.

New York Stock Market

New York, Sept. 2.—(AP)—Rail, steel and motor issues led an advancing stock market again today.

Gains of fractions to around a point spread through the list. A few hold-outs moved back a trifle.

Volume remained around yesterday's comparatively fast rate, with the day's total aimed at 1,000,000 shares.

Turnover Wednesday totaled 920,000, one of the largest in the past month.

The market got off to a brisk start. Almost immediately, though, demand slowed, and for an hour or more traders took a breaching spell.

Buying quickened later and prices, which had shown signs of sagging for a while, resumed their advance.

Higher were U. S. Steel, Youngstown Sheet, Nickel Plate, N. Y. Central, Illinois Central, Chrysler, Studebaker, Montgomery Ward, National Distillers and American Telephone.

Corporate bonds moved narrowly. U. S. governments held steady in the over-the-counter market.

UNFAVORABLE NEWS BLAMED FOR DROP IN GRAIN PRICES

Chicago, Sept. 2.—(AP)—There were enough unfavorable elements in the run of the day's news to cause a fairly large drop in grain prices today.

The July, 1949, wheat contract fell a good part of the selling, turning more than 3 cents at one time.

The unfavorable news gist included rains in the Nebraska winter wheat territory, a slump in cash corn prices, an increase in country offerings of cash corn, and a statement by Harold Stassen, that food prices should come down.

In the spot market corn lost around 2 to 4 cents a bushel. Cash dealers reported purchase of 100,000 bushels on a to-arrive basis.

Cash houses did not give much support to wheat, which encountered hedge selling as well as liquidation from commission houses. Lack of cash house support indicated the Commodity Credit Corporation was not buying much wheat. The local office took only 25,000 bushels here yesterday.

Receipts were: Wheat 17 cars, corn 67, oats 22 and soybeans 21.

Wheat closed 2 to 3 1/2 lower, September \$2.21, corn was 1 1/2-2 1/4 lower, September \$1.55 1/4, soybeans were 3/4 to 1 1/2 lower, September \$23.74, rye \$1.57, and soybeans were 1/2 to 2 cents higher, November \$2.49 1/2.

National Stockyards, Ill., Sept. 2.—(AP)—(USDA) — Hogs, 5,000; top 29.50; bulk 20-260 lbs 29.25-30; 160-180 lbs 27.25-28.50; 130-150 lbs 24.75-26.75; 100-120 lbs 21.75-23.75; bulk 400 lbs down 25.00-26.75; few 27.00; heavier sows mostly 21.50-24.50.

Cattle, 3,000; calves, 1,500; mostly medium flesh kinds around 23.00-26.00; with common and low medium 19.00-21.00; common and medium beef cows largely 17.50-19.50; canners and cutters 13.50-17.00; medium and good bulls 21.00-23.00; cutter and common 18.00-20.00; good and choice vealers 27.00-31.00; common and medium 17.00-26.00.

Sheep, 2,500; early top good and choice lots 24.75 to shippers and butchers; 24.50 to big packers.

Markets at a Glance

New York, Sept. 2.—(AP)—Stocks—Firm; steels, rails, motors in front.

Bonds—Higher; rails lead advance.

Cotton—Easier; liquidation and hedging.

Chicago Wheat—Easy; hedging pressure, lack of cash house support.

Corn—Easy; cash corn lower.

Oats—Lower with other grains.

Soybeans—Steady; trading fairly active.

Hogs—Steady to strong; top \$29.25 sparingly paid.

Cattle—Steady to 25 cents higher; top \$41.00.

FIND BABY DROWNED

Valparaiso, Ind., Sept. 2.—(AP)—Four hours after the child was missed, searchers found the body of 22-month-old Elmer Mierau in the Kankakee river in Mianau Port county. Police said the baby apparently toddled away from the parents and fell into the river.

Blakeman Twirls No-Hit Game For Legion, 10-0

Paul Blakeman twirled a no-hit no-run game for the American Legion softball team against the House of Clay Thursday night at Nichols park diamond, 8 to 0. Five men reached base against Blakeman, two on walks and three on misuses by his mates.

Shay, with three hits out of four trips, and Allen, with three for three and a walk, were the big guns in the Legion attack. Sims got the only extra-base hit of the game, a triple to right center in the second inning.

The V. F. W. nine slaughtered Nesco, 22 to 5, in the opening game of the evening's program.

Scores: V. F. W. 24 24(10)—22 11 8 Nesco 001 03 1—5 3 10 Stevenson, Slocum (6) and Jackson, Vinyard and Stark House of Clay 000 00 0 2 American Legion 152 02—10 9 3 Jackson and Banks; Blakeman and Morris.

He kept two dummy scrimmages going this afternoon, with just enough light contact work to see how his charges would do. He alternated the best prospects on offensive and defensive play.

This morning's session was devoted to forward passing and blocking.

Ann Arbor, Mich., Sept. 2.—(AP)—Halfback Gene Diericotte, likely replacement for All-American Bob Chappuis, limped away from Michigan's second day of football practice today with a sprained ankle.

The Defiance, Ohio, speedster twisted his leg while charging a tackling dummy.

He will be temporarily replaced in the first-string backfield by sophomore Chuck Orman, promising Milwaukee tailback.

Fundamentals took up all of today's practice session as Coach Bennie Oosterbaan was on the lookout for offensive material.

Evanston, Ill., Sept. 2.—(AP)—Don Burson, Northwestern University quarterback, demonstrated in practice today that he has lost none of the passing ability that made him one of the leaders in that department in the western conference last season.

Burson tops a group of six quarterback candidates, five of whom are lettermen. In addition to Burson, the lettermen are Jim Farrar, Cleveland Lloyd Hawkinson, Galesburg, Ill., Pat Keefe, Chicago, and Johnny Yungwirth, Fond Du Lac, Wis. Burson is from Lakewood, Ohio.

Columbus, Ohio, Sept. 2.—(AP)—Ohio State gridgers, who stuck to a 5-4-2 defense all last season, blossomed out today with 6-2-2-1, 5-3-2-1 and 7-diamond defense formations as well.

Sioux Indians Who Massacred Custer Hold Reunion

Rapid City, S. D., Sept. 2.—(AP)—Six of the Indians who took part in the Custer massacre held a reunion today. They are old men now—some of them ancient. But as to the massacre they call a battle, their opinions are unchanged. They'd do it again.

The warriors, whose ages range from 78 to 98, still are proud of their people's triumph over the white general at the Little Big Horn on June 25, 1876. They are only sorry the Sioux are not strong enough to chase the white man out of their hunting grounds and their Black Hills, which they believe to be inhabited by the Great Spirit.

The six celebrants who were at Little Big Horn when Gen. George A. Custer and his command were annihilated are Iron Hawk, 98; Dewey Bear, 88; High Eagle, 87; Comes Again, 84; John Sitting Bull (son of the famous chief), 80, and Little Warrior, 78.

Molotov Delivers Funeral Oration At Zhdanov Rites

Moscow, Sept. 2.—(AP)—Andrei A. Zhdanov was buried in the Kremlin wall tonight after one of the Soviet Union's most magnificent funerals.

Prime Minister Stalin, foreign minister V. M. Molotov, Lavrenti P. Beria and other leading politburo members and Soviet citizens personally bore the body to its resting place, and Molotov delivered the chief funeral oration before a huge crowd which packed Moscow's Red Square.

(Molotov, Beria and Zhdanov all have been considered leading contenders to inherit Stalin's power.)

Walking slowly, Stalin and the others mourned to the top of Lenin's tomb whence Molotov spoke on behalf of the politburo and council of minister in laudatory terms of the deceased.

The death of Zhdanov, a secretary of the Central committee of the Communist party who died Tuesday of heart trouble, Molotov said, was a "great loss" to Russia.

Automobile Thief Held Under Bond

Freeport, Ill., Sept. 2.—(AP)—Hugh McKay, 32, of Nelson, Ill., tonight was held in Stephenson County jail under \$1,000 bond on a charge of violating the federal stolen automobile law.

He waived preliminary hearing and was bound over to the October federal grand jury.

McKay was shot and wounded by Fulton, Ill., police chief Ed Loftus Monday. Loftus said McKay was attempting to sell a stolen car to a used car dealer there.

Whiteside county sheriff Boyd Kimmel said McKay, an ex-convict admitted stealing the car in Clinton, Iowa.

Visiting Here

Mr. and Mrs. Leonard Smith of Philadelphia, Pa., are visiting at the home of Mr. and Mrs. Ray Buchanan, 507 South Prairie. Mr. Smith is employed in the Philadelphia Navy Yards. He expects to return Sunday, September 5.

Football Briefs

Minneapolis, Sept. 2.—(AP)—Getting right down to business, Coach Bernie Biernan put his University of Minnesota football squad through its first brisk scrimmage session late today.

Gene Fritz, tackle, alternated at guard; Warren Beson filled the center post as well as both guard berths, and Dean Widseth appeared in roles as right guard and left tackle.

The lineup for the 36-hole tests sends Billows against Coe, a 24-year-old former big seven college champion, and Dahlbender, third round conqueror of defending champion Robert "Skeet" Riegel, against Turnesa, the amateur member of the famous golfing family.

Turnesa became the only survivor of the original eight U.S. and British titleholders as upsets continued to dominate the event that has been rocked by upheavals since the second day.

The senior Lynch was signed to a contract calling for \$1,200 a year and received \$600 in cash at the time, Chandler declared, adding:

"As of Aug. 27, Lynch had made no report to the Pittsburgh club and there was no indication of any activity on his part that would benefit his employers. He had visited me whenever his son played ball there."

In Pittsburgh, A. Roy Hamey, general manager of the Pirates, said: "If we've made a mistake—we've made a mistake. At least it was an honest mistake. There was nothing under the table. The kid 'Danny Lynch' received only what he was entitled to under the bonus rule."

"He was made a free agent because it was assumed we signed his father in order to get the boy's contract. Actually, we signed the elder Lynch because of his baseball experience. After all, he had 18 years in the minors, you know."

Ray Billows Whips Frank Stranahan In Golf Tourney

Memphis, Tenn., Sept. 2.—(AP)—Ray Billows, a laughing printing salesman from Poughkeepsie, N.Y., smashed Frank Stranahan's bid for a golfing "Little Slam" today by blasting the Toledo Tee Titan, 6 and 5, in the quarter-finals of the 48th U.S. amateur championship.

So it's the two seasoned New York campaigners—Billows and little Willie Turnesa—and a pair of youngsters from the warm belt—Oklahoma's Charlie Coe and Atlanta's Gene Dahlbender—in the round of four tomorrow over the 6,617-yard Memphis country club course.

The lineup for the 36-hole tests sends Billows against Coe, a 24-year-old former big seven college champion, and Dahlbender, third round conqueror of defending champion Robert "Skeet" Riegel, against Turnesa, the amateur member of the famous golfing family.

TRUST

By Elswyth Thane

Copyright by Elswyth Thane
Distributed by NEA SERVICE, INC.

THE STORY: Hilary Shentone, British secret agent, recalls lying wounded in the Indian desert beside a crashed plane, after completing a dangerous mission. He remembers feeling a desperate need to return to England and his family. (He doesn't know that the house has been let and that Hilary, 17-year-old Sabrina, whom he has never met, has adopted his name. Next Hilary's fiancée, at first, he later decides to enjoy the situation. After spending the night in a room at the club, he wanders around London next day. He makes up his mind to look into the matter.)

TOWARDS LUNCH

At lunch time he mounted the steps of his mother's little house in Park Street. It was George's green Rolls-Bentley four-seater, he supposed, which stood at the curb. A noisy brute of a car, and just what George would drive. Automatically he searched his pockets—darn—no keys—Dalton had his keys, in Peshawar.

Round the corner came two quite correct little boys, brothers, dressed alike in gray suits with bare knees and white collars. With them was a lively spaniel, off his lead, which dangled from the younger boy's hand. Eminent well-behaved, they came level with the bottom of the steps where he stood—they were moving briskly, absorbed in the dog. Hilary pressed the bell.

The little boys broke into a brief run in an effort to refasten the lead to the frisky dog's collar. They were still chasing him busily, several houses further away when Hinton, the maid, opened the door to an empty doorman. Hilary slipped past her into the hall. With a dark look after the innocent pair with the spaniel, Hinton

think it was a ghost?" "Well, Ponsonby says he was in bed reading, when the door suddenly swung open as though someone had turned the knob from the passage."

"Yes—and hadn't someone?" "Not a soul. There was nobody there. That is, nobody he could see. He was frightfully upset!" "I said I was sorry," said Hilary in his own defense.

"Men's clubs are full of practical jokers," asserted their mother.

"Ah, but Ponsonby swears he pulled himself together at once and jumped out of bed to close the door. The passage was empty. But he's positive that something had opened that door and was surprised to see him there, and went away, leaving it open."

"I never heard of anything so absurd!" she cried. "The latch gave in a draught, of course." "I know. We all said that. But there's another thing."

"Well, what?" "Last night somebody slept in a room that was supposed to be empty."

"Oh, George, really?" "I'm only telling you what they said! A room that hadn't been booked for several nights had its bed slept in last night. But there's no trace of the occupant—Hinton, if you'll bring up the makings," added George, "I'll shake up a White Lady before lunch."

"Yes, sir," said Hinton, and withdrew again.

"And that's not all," George continued impressively, and produced the ultimate manifestation. "The fellow in the next room heard the bath water being run by the fellow in the empty room."

"Now, George, you're not trying to tell me their ghost took a bath!" "That's the story! Ponsonby is going to write to the Society for Psychical Research!"

"Men are so silly! He was probably scaring himself to death with a detective story when it happened. George, I've had another letter from those people down at Nuns Farming."

"What people?" demanded Hilary, astonished.

Car Hits Truck On South Main Couple Injured

A northbound automobile collided with a parked truck early Thursday morning in the 500 block on South Main street, resulting in injuries to Mr. and Mrs. Ralph Phillips, 135 West Walnut street, occupants of the car.

The couple was taken to Passavant hospital by Lester A. Dewitt of Jacksonville route three, where their injuries were attended by Dr. Ellsworth Black.

Phillips was treated for cuts and bruises, after which he was able to leave the hospital. His wife, Viola, remained at Passavant for further observation and treatment.

Mr. Howard Stout and Patrolman Walter Hill went to the scene of the collision, which occurred shortly after midnight. A report made to police was to the effect that the truck, belonging to W. W. Knifely of Franklin, and driven by Reginald Green of Franklin, was parked when it was struck by the automobile.

Phillips' car, a 1935 Chevrolet, was badly damaged. It was towed to the Stubbfield garage.

Mr. and Mrs. Phillips were returning from Carrollton where they had gone to visit her mother, who has been in the hospital for an operation.

Bodies Of 2 Local Men Returned To U.S. For Burial

The bodies of two Jacksonville men are among the 1,366 American victims of World War II returned home for reburial from Alaska aboard the U. S. Army Transport Honda Knot, the Army announced today. Also included among the returnees are one each from Waverly, Jerseyville and Pittsfield.

A total of eighty remains were returned upon instructions of next of kin residing in Illinois. Armed forces dead originally interred in military cemeteries in Alaska are among those brought back to this country.

Each next of kin was notified in advance of the arrival of the vessel, and will be notified again after arrival of the remains at the regional Distribution Centers of the American Graves Registration Service.

Under the program for final burial of World War II dead, next of kin may elect to have remains reburied in a private or national cemetery, or may request interment in a permanent American military cemetery overseas or a private cemetery in a foreign country which is the homeland of the deceased or of the next of kin.

Those returned for reburial from this area include:

T/A Harold L. Baxley, Army, next of kin: Paul Baxley, 904 East College Ave.; F/O Albert L. Harward, AAF, next of kin: Mrs. Vivienne P. Harward, 544 Brooklyn Ave.; T/A Charles N. Bostic, Army, next of kin: Mrs. Lester M. Tannahill, 239 East State, Waverly; Lt. Merrill H. Johnston, Navy, next of kin: Mrs. Hanna A. Johnston, Pittsfield; Sgt. Robert E. Reddish, Army, next of kin: Mrs. Gilda C. Reddish, 607 West Exchange, Jerseyville.

Rev. Raymond And Family Return From Vacation

The Rev. Lewis N. Raymond and family have returned home after a three weeks boating trip aboard their motorboat.

The family sailed down the Illinois river and then up the Mississippi. They then went across the Illinois-Mississippi Canal and back down the Illinois River to Meredosia. The entire trip covered 560 river miles.

Mr. Raymond resumed his parish responsibilities this week and announced today that worship services would not be held this Sunday as equipment and personnel for the new year's work have not arrived. The services this year will feature a new quartet engaged by the church and the entire service will be heightened by liturgy and response. The church school will meet at the regular hour.

Inflation May Keep Chinese Out Of University

Urbana, Ill., Sept. 2.—(P)—Inflation may prevent 80 Chinese students from entering the University of Illinois this fall.

"Until last fall, Chinese students were permitted an exchange rate of one American dollar for 12,000 Chinese dollars," said assistant dean Arthur Hamilton.

"Now on the open market they need 495,000 Chinese dollars for one American dollar. On the black market, it takes 10,500,000 to 11,000,000," he said.

Hamilton said 80 Chinese students have been issued permits to enter the University. In all, entrance permits have been issued to 180 foreign students, but only 10 have been checked in at the University, Hamilton said.

Peoria Grand Jury Ends Inquiry Into Bribery Charges

Peoria, Ill., Sept. 2.—(P)—A grand jury investigating whether State's Attorney Roy P. Hull asked a \$25,000 bribe from Bernie Shelton, slain mobster, will report its findings tomorrow.

Special Prosecutor Veils Safford said he expected the report to be presented tomorrow afternoon.

The grand jury closed its probe of the alleged bribery charge this afternoon after hearing three witnesses.

John Kelly, an ex-convict and close associate of Shelton; Clyde Garrison, described by police as the former czar of commercialized gambling operations in Peoria county; and Sheriff Earl Spainhower, of Peoria county, who had testified earlier.

Hull appeared before the jury earlier today at his own request. Both he and his assistant, Baird V. Helfrich, signed waivers of immunity to indictment. Grand jury prosecutors protect witnesses at the secret sessions from having their testimony used against them later. Hull and Helfrich waived this protection.

Bernie Shelton was ambushed July 26. Later members of his mob alleged that an intermediary for Hull had sought payment of a \$25,000 bribe. They alleged the payment was asked in return for dismissal of assault indictments against Shelton and other gang members, including Kelly.

Hull denied the claims and asked for a grand jury inquiry.

Farmers Hear Feed, Livestock Outlook Discussed Thursday

The Illinois livestock and feed outlook for the coming year was the topic up for discussion at the annual fall livestock outlook meeting held Thursday night in the high school auditorium.

An estimated crowd of 400 farmers from Morgan and Scott counties listened to the speakers of the evening, Ed Lamb and Dick Carlisle presented the outlook in terms of facts, figures, and opinions.

Mr. Carlisle is associated with the animal science department at the University of Illinois, and Mr. Lamb represents the St. Louis Producers association. The association represents the sellers in the St. Louis stock yards.

Mr. Lamb emphasized that next year's feeding program will shift from a price margin basis to a cheap grain basis which will make a dangerous condition in the cattle feeding industry.

Three Types Of Programs
Speaking further, Mr. Lamb stated that there were three types of programs open to livestock growers this year. These are (1) big fleshy cattle with quality for a short term feed; (2) plainer cattle to head for midwinter markets; and (3) light calves with quality to take out on a growing basis.

Mr. Carlisle stressed the effect that the bumper corn crop will have on the feed market. He showed that the 1948 crop is headed for 3.5 bushels this year, some 1,100,000,000 more than last year and an all time high. The oats crop, he said, was one-sixth larger than average. The wheat crop was the second largest ever produced in the country. Protein feeds will be abundant. The hay crop is about average, and pastures are good.

Feed Costs To Stay Low
"The larger production of feeds will reduce feeding costs very sharply," the farm expert said. "All indications are that feed costs will remain comparatively low, at least until the 1949 crop prospects become important price-making factors."

Both speakers said that the price of farm products is dependent upon the general economic conditions of the country. They pointed out that if unemployment hits, farm prices will be first to decline.

Mr. Lamb stated that the all time high of meat prices may have been reached. He told farmers how to plan their livestock in the next year so as not to get caught in a rapid decline of meat prices.

End of Embargo Won't Help
Lamb stated that the housewives' buyers strike had shown "some effect" on the price of meat. He said that the lifting of the meat embargo from Canada would not materially effect the market.

"Canada will send us 100,000 head this year," he said. "This is equal to a two day run in the 12 major markets in the United States."

Offers Right Eye For \$10,000, Has A Customer

Akron, N. Y., Sept. 2.—(P)—Farmer Herbert Larkin offered \$10,000 today for an eye he could use to see again.

Larkin, 55, explained he was blinded by shell fragments in France in World War One and was not sure there was a chance of restoring his sight.

If specialists say there is, he said, he will buy the right eye of Victor St. Cyr, 39, Woonsocket, R. I., father of seven.

St. Cyr set the price on Aug. 24. He said the money might mean a farm in Vermont instead of sending his children to an orphanage because he no longer could support them.

"I'll stand back of my offer," St. Cyr said in Woonsocket when he heard Larkin was interested.

Larkin, who heard about St. Cyr's offer in a radio newscast, said he planned to seek medical advice before communicating with the Woonsocket man directly.

LEGIONNAIRES HOLD CHOW CLUB MEETING

Virginia—The Virginia American Legion Post had their regular monthly Chow club meeting at the legion home, Wednesday night. The program was furnished by Ed Lamont and Max Fox. They showed two technical pictures, "Mainline, U.S.A." was title of one of the pictures and it depicted the part railroad play in our everyday living. The other picture was "Illinois State Fair" and showed pictures taken at the fairsgrounds in Springfield. Both proved very entertaining and colorful.

An attempt was made to break into Lee Tanner's Pontiac Sedan, while he was attending the Legion Chow Club meeting. The car was parked on the public square. One of the handles was broken off but entrance was not accomplished.
